

## Programme

### Excursion to Grindavik

Nordregio Forum 2014 – Thursday November 13<sup>th</sup>

- 15:00 Pick up from Hljómahöll conference hall in Reykjanesbær.  
A project manager from Heklan Regional Development Agency greets the guests and gives a short introduction on the cooperation between the municipalities and the development that has been going on in the area while driving to the next stop in Ásbrú.
- 15:20 **Ásbrú, The old Navy base.** After a drive through the old base we will stop at Eldey, incubator center for light snacks and briefing on the development in the area, the situation today and future development.

- 16.20      **Stakkavík – Grindavík – [www.stakkavik.is](http://www.stakkavik.is).**  
Stakkavík gives you an opportunity to view and experience their fish production line, from the ship to the store.
- 17.10      **Codland.** Codland was founded in 2012 to promote progress in the fishing industry through innovation and collaboration. Codland aims to maximize utilization of marine products and engage in interdisciplinary discourse to create a platform for further development and value creation. [www.codland.is](http://www.codland.is).
- 18.20      **Reykjanes power plant and Power plant Earth exhibition.** Reykjanes power plant is one of two operating power plants on the Reykjanes peninsula which produce electrical energy, heating district water and distilled water with subterranean steam, Svartsengi and Reykjanes power plant. The Reykjanes power plant also hosts the interactive exhibition Power plant earth.
- 20.00      Dinner at **Vitinn restaurant in Sandgerði** – [www.vitinn.is](http://www.vitinn.is). Their signature dish with the catch of the day, Crab and shellfish-feast.
- 22.30      Arrival at the hotel in Reykjanesbær
